PracticeNest

Music Practice Reminder + Resource App

MISSION

How?

Creating an user-friendly app

- Keynote Wireframe

What?

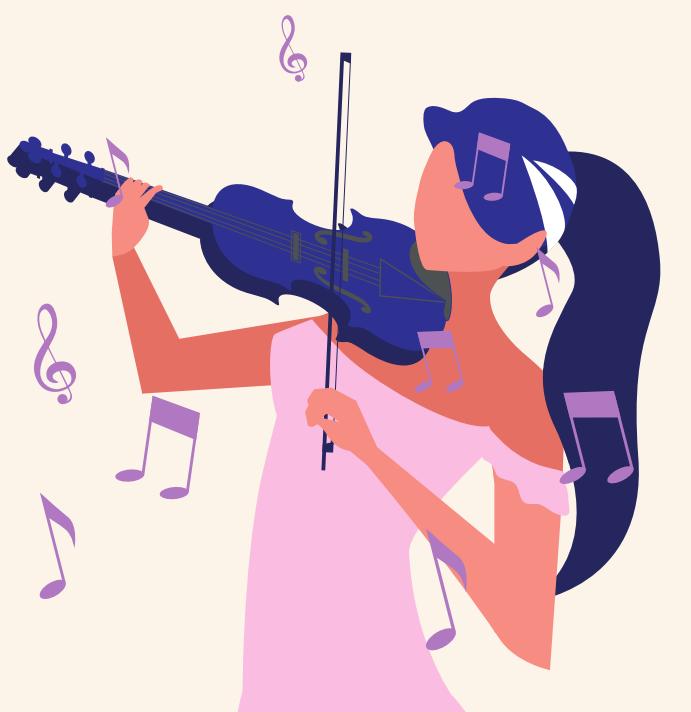

Providing tools, resources, and a recording-sharing platform for users

Why?

Supporting young musicians' learning!

WHY?

Have you ever forgotten to practice, and gotten called out by your teacher?

Have you ever forgotten to do your homework?

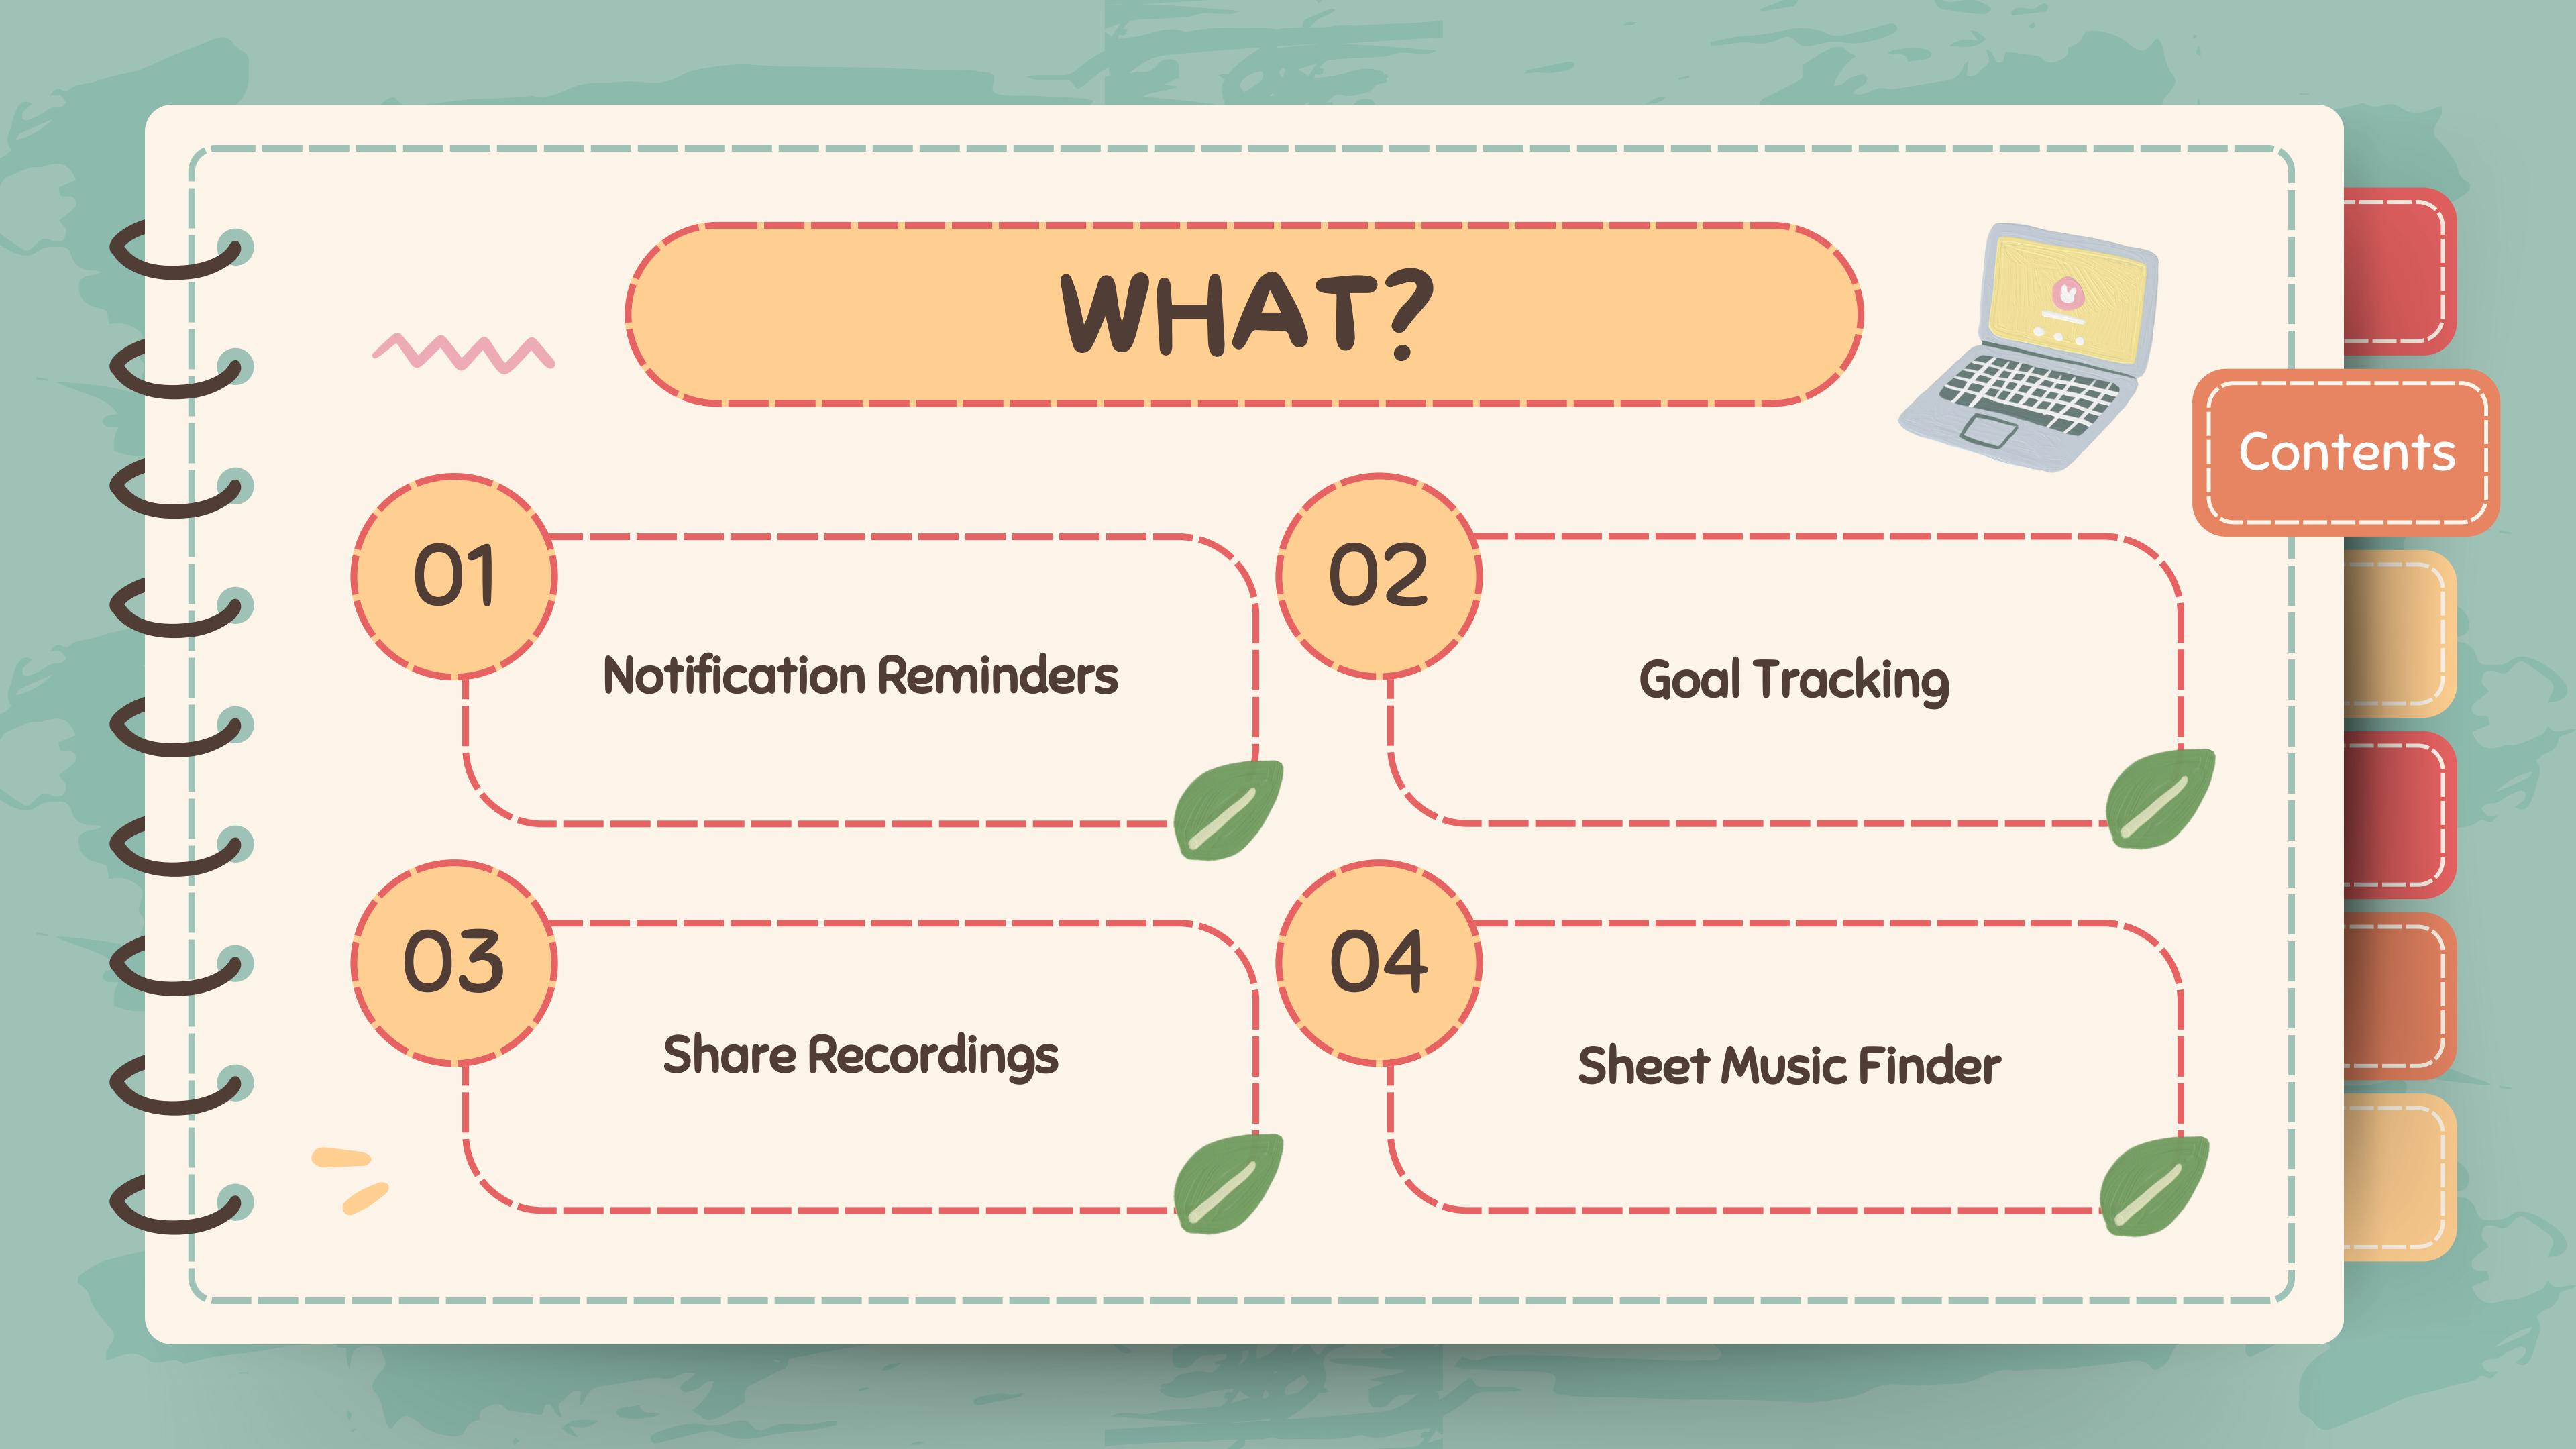

Have you ever neglected an assignment until the very last minute, then scrambled desperately to finish it right before the due date?

MISSION STATEMENT

At PracticeNest, we believe that you shouldn't ever feel guilty in front of your teacher. That's why we're creating an app that provides musicians every essential resource in a user-friendly bundle, and also supports a daily practice routine!

Intro

WHAT?

01

Notification Reminders

02

Goal Tracking

03

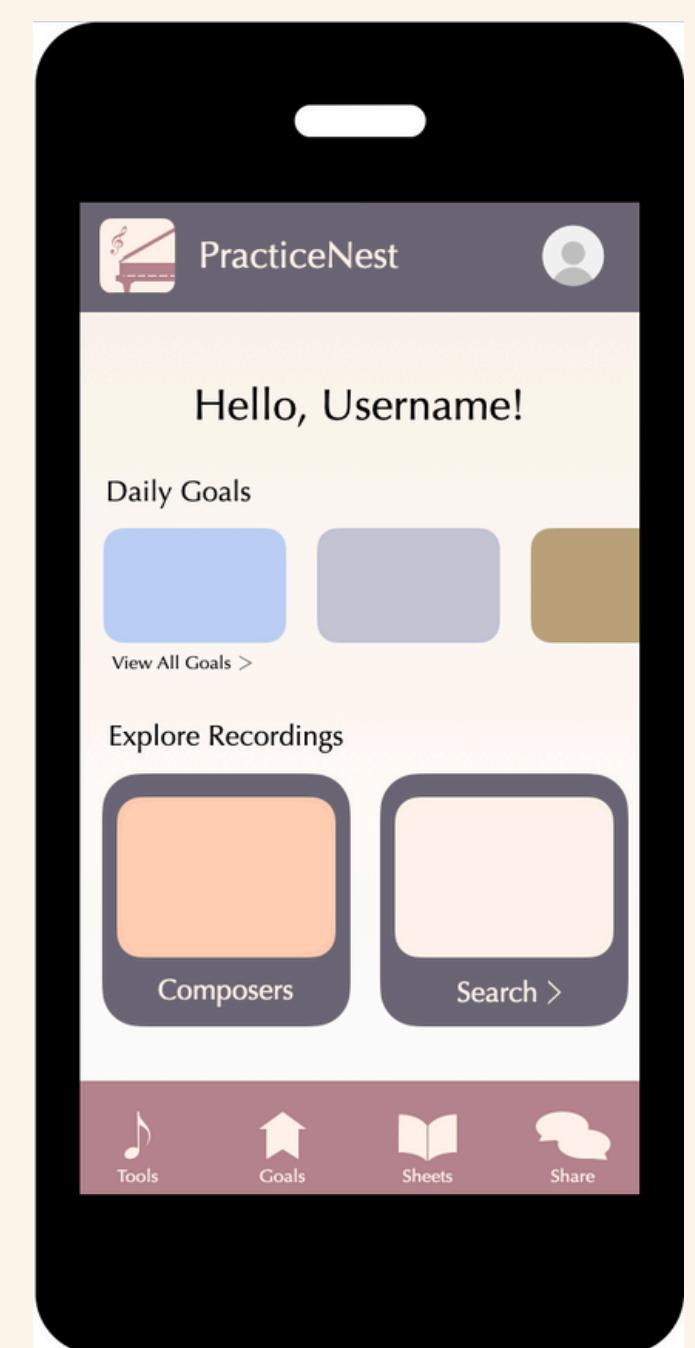

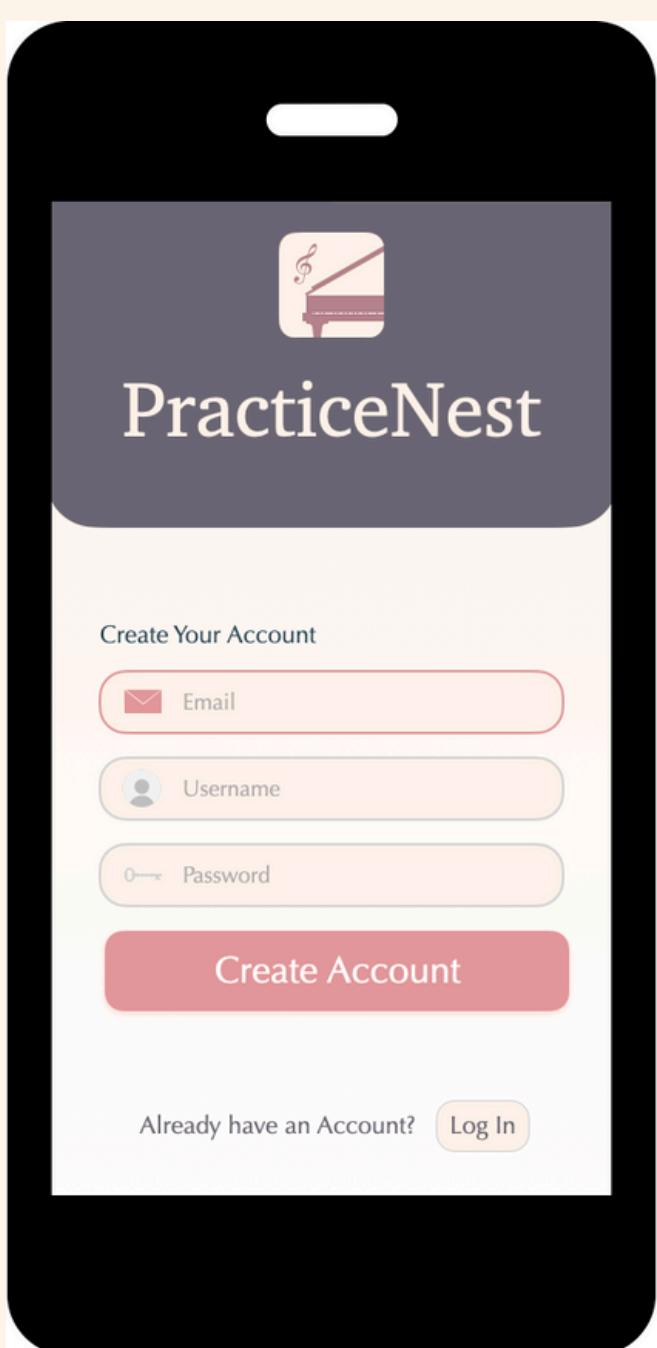

Share Recordings

04

Sheet Music Finder
